Our history

Founded in 1903, Collège Champittet has been providing outstanding education to both local and international students for over a century. Set amongst beautiful surroundings, near the edge of Lake Geneva, we provide a safe and stimulating environment for our students.

Our school offers students the best of both worlds. Unique among Swiss boarding schools, we offer a truly bilingual French/English education.

And while our Swiss heritage stretches back in time over 100 years, our exacting Swiss standards demand that we always look forward to take on new challenges, master new skills, and open up to new people, places and cultures.

Global programs

Thanks to our being a member of the **Nord Anglia Education** family of schools, our students have access to unique collaborations with world-leading institutions. Our students are fortunate to discover the performing arts with **The Juilliard School**, explore interdisciplinary learning with the **STEAM programme** co-developed with the **Massachusetts Institute**

of Technology (MIT) and be inspired to change the world with **UNICEF**. Nord Anglia's Global Campus programme also enables students to experience the expeditions to Tanzania and the global debating competitions, Model United Nations (MUN)

- Basketball
- Football
- Ski
- Paddle
- Judo
- Workout
- Archery
- Self-defence
- Fencing

Music

- Piano
- Guitar
- Trumpet
- Cello
- Violin
- Drums
- Singing

Others

- Visual arts
- Drawing
- Entrepreneurship
- Coding
- Drama
- Chess
- Circus

Humanitarian Foundation

Our Collège Champittet Foundation has two complementary objectives: to support humanitarian projects in the field of education in less-developed countries, and to raise awareness among our students about the situation in those countries. We support three main projects: **Madagascar, Thailand and Cambodia**. We also support a Swiss local project Fair Play Association (sport for disabled children).

The objective is to provide our students a unique way to participate actively in charitable projects, put our school values to work, and to experience the difference that they, as individuals, can make in this world.
